Re: Freedom of Information Request No. EPA-R2-2018-004927  
Dated: February 28, 2018

Dear Mr. Hodom:

Your request for information has been referred to this branch for response. We have searched the Resource Conservation and Recovery Act (RCRA) files and/or computer database as appropriate to respond to your request. In addition, you may also receive information from other program areas within this Regional Office.

We are enclosing a copy of the RCRA Facility File Index in an Excel Spreadsheet format for Curtiss Wright Flow Control Co. at 222 Cameron Drive, Phillipsburg, New Jersey, and EPA ID No. NJD002395382. There may be other RCRA documents that the EPA RCRA Project Manager may have that are not included on the enclosed index sheets. We are checking with the EPA RCRA Project Manager on this. We are also enclosing a copy of the RCRA Compliance Monitoring, and Enforcement Data Report regarding inspection information for Curtiss Wright Flow Control Co. in Phillipsburg, New Jersey.

Also, enclosed is another RCRA file that we have located for the Former Ingersoll Rand Facility at 222 Cameron Drive, Phillipsburg, New Jersey, and EPA ID No. NJR000056002.

The approximate amount of RCRA information that we have in our RCRA file room for Curtiss Wright Flow Control is 5 inches. One inch is equivalent to 250 pages.

For further information regarding the fact sheets for Curtiss Wright Flow Control Co. in Phillipsburg, New Jersey, you can access information from the internet at:  
<http://www.epa.gov/hwcorrectiveactionsites/hazardous-waste-cleanup-curtiss-wright-kearny-new-jersey>.

We welcome you to visit our office to review the RCRA files. We will arrange to make the files available to you that are located in our RCRA file room on the 15<sup>th</sup> floor, as well as the documents that the EPA RCRA Project Manager would have. You can bring with you a portable scanner so that you can scan what documents you need. Kindly arrange your appointment with Mr. David Abrines of my staff at (212) 637-3043. The file offices are open between the hours of 9:00am - 4:00pm at the following address:

Room 1538, 15th Floor  
290 Broadway  
New York, New York 10007-1866.

Be sure to bring a copy of this letter when coming to our EPA file office, and make reference to the EPA ID Number NJD002395382.

If you decide that you can not visit us, another suggestion is that you can select the information that you need from the RCRA Facility File Index Excel Spreadsheet. You can place an asterisk next to the documents that interest you on the index sheets, and then e-mail the information to [abrines.david@epa.gov](mailto:abrines.david@epa.gov). Afterward, Mr. Abrines will review the documents that you selected on the indexes, and contact you concerning the final cost.

However, if you want us to scan all of the RCRA documents, we will need from you an assurance of payment, since your fee limit of \$25.00 is too low. Electronic forms of duplication/scanning costs are calculated based on the employee's hourly rate. We can discuss the costs at a later time, after you decide what you would like us to do.

For radon information in New Jersey, please call 1-800-648-0394, or visit [www.njradon.org](http://www.njradon.org). Radon, and indoor air information is available from the EPA website at [www.epa.gov/iaq](http://www.epa.gov/iaq).

Please include the above referenced request number on any inquiries regarding this response. We wait to hear from you as to how you want us to proceed with your request.

Sincerely yours,

Adolph S. Everett, P.E.
